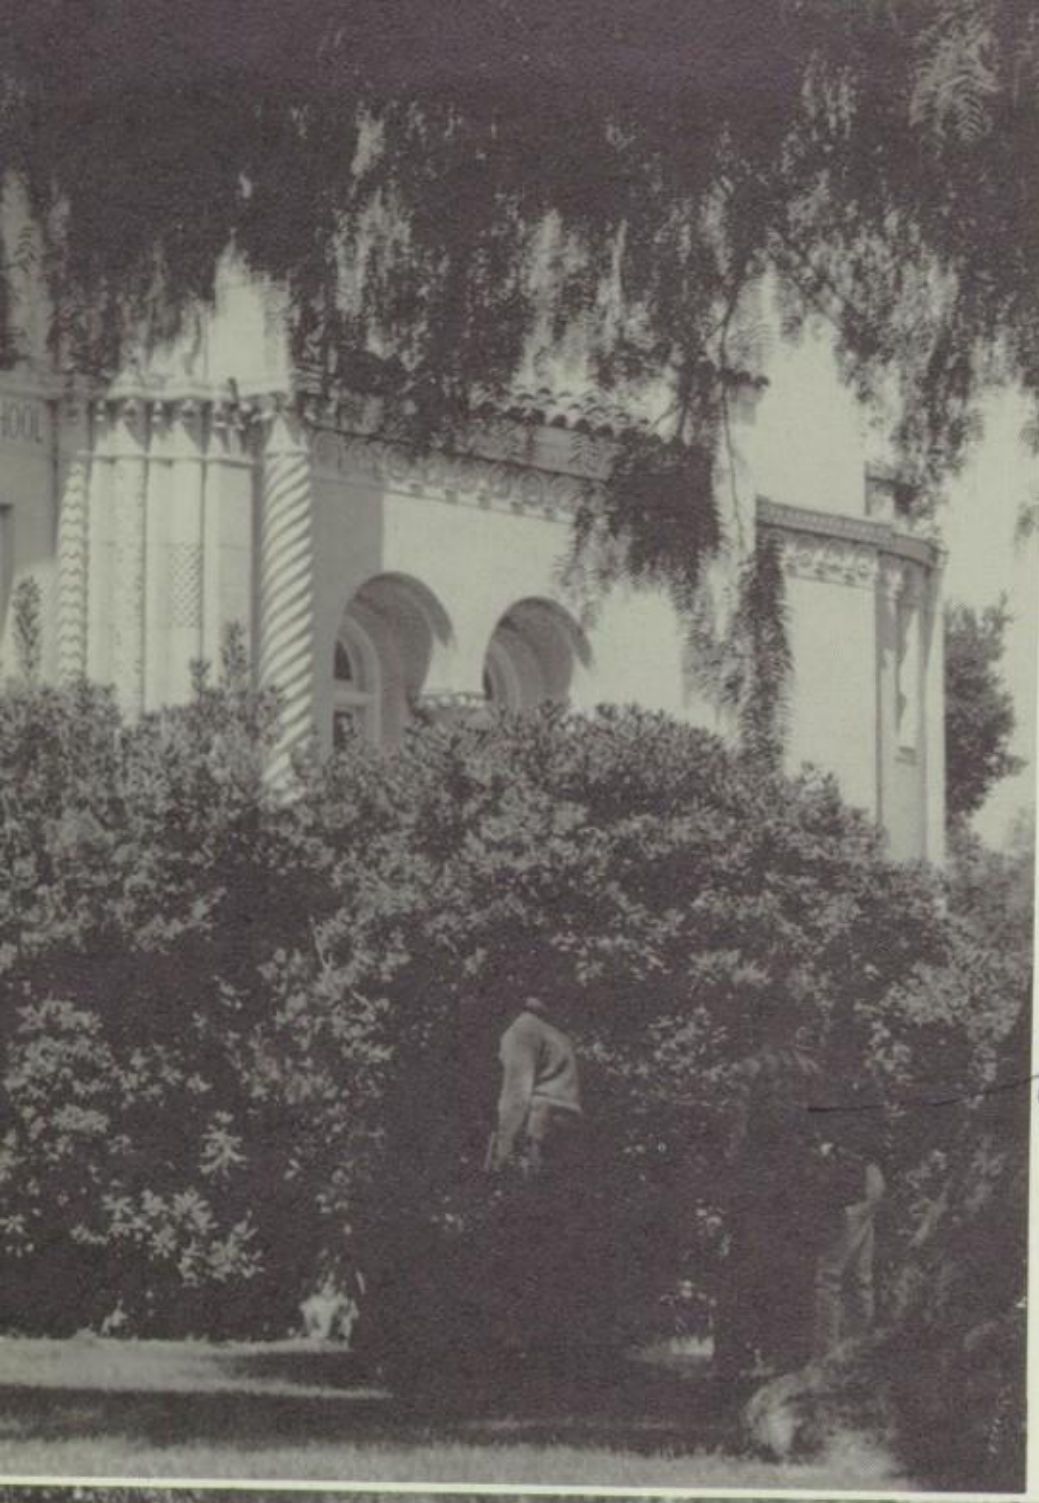
REVIEW

Jim
Hi Jim, been fun knowing
you this year. Hope to see
you next year. Ken Williams

In words and music let's take a walk around our campus. Follow us in thought as we view the familiar places that have been keynotes in our careers as students, that we may recall the happy times spent in SMHS gaining new ideas, acquiring friends, developing and growing as individuals. Prominent among these campus landmarks are the two Broadway entrances to "old main." Thousands of students "Enter to learn and go forth to serve," and shall treasure the memories of all these things and of our "Alma Mater" . . .



On the fertile valley floor,
glorious to view,
S.M. High is proudly standing,
hail! Oh, hail to you.
Fearless Saints, ever onward,
wave your color bright;
Hail to you, our Alma Mater,
hail, oh red and white.

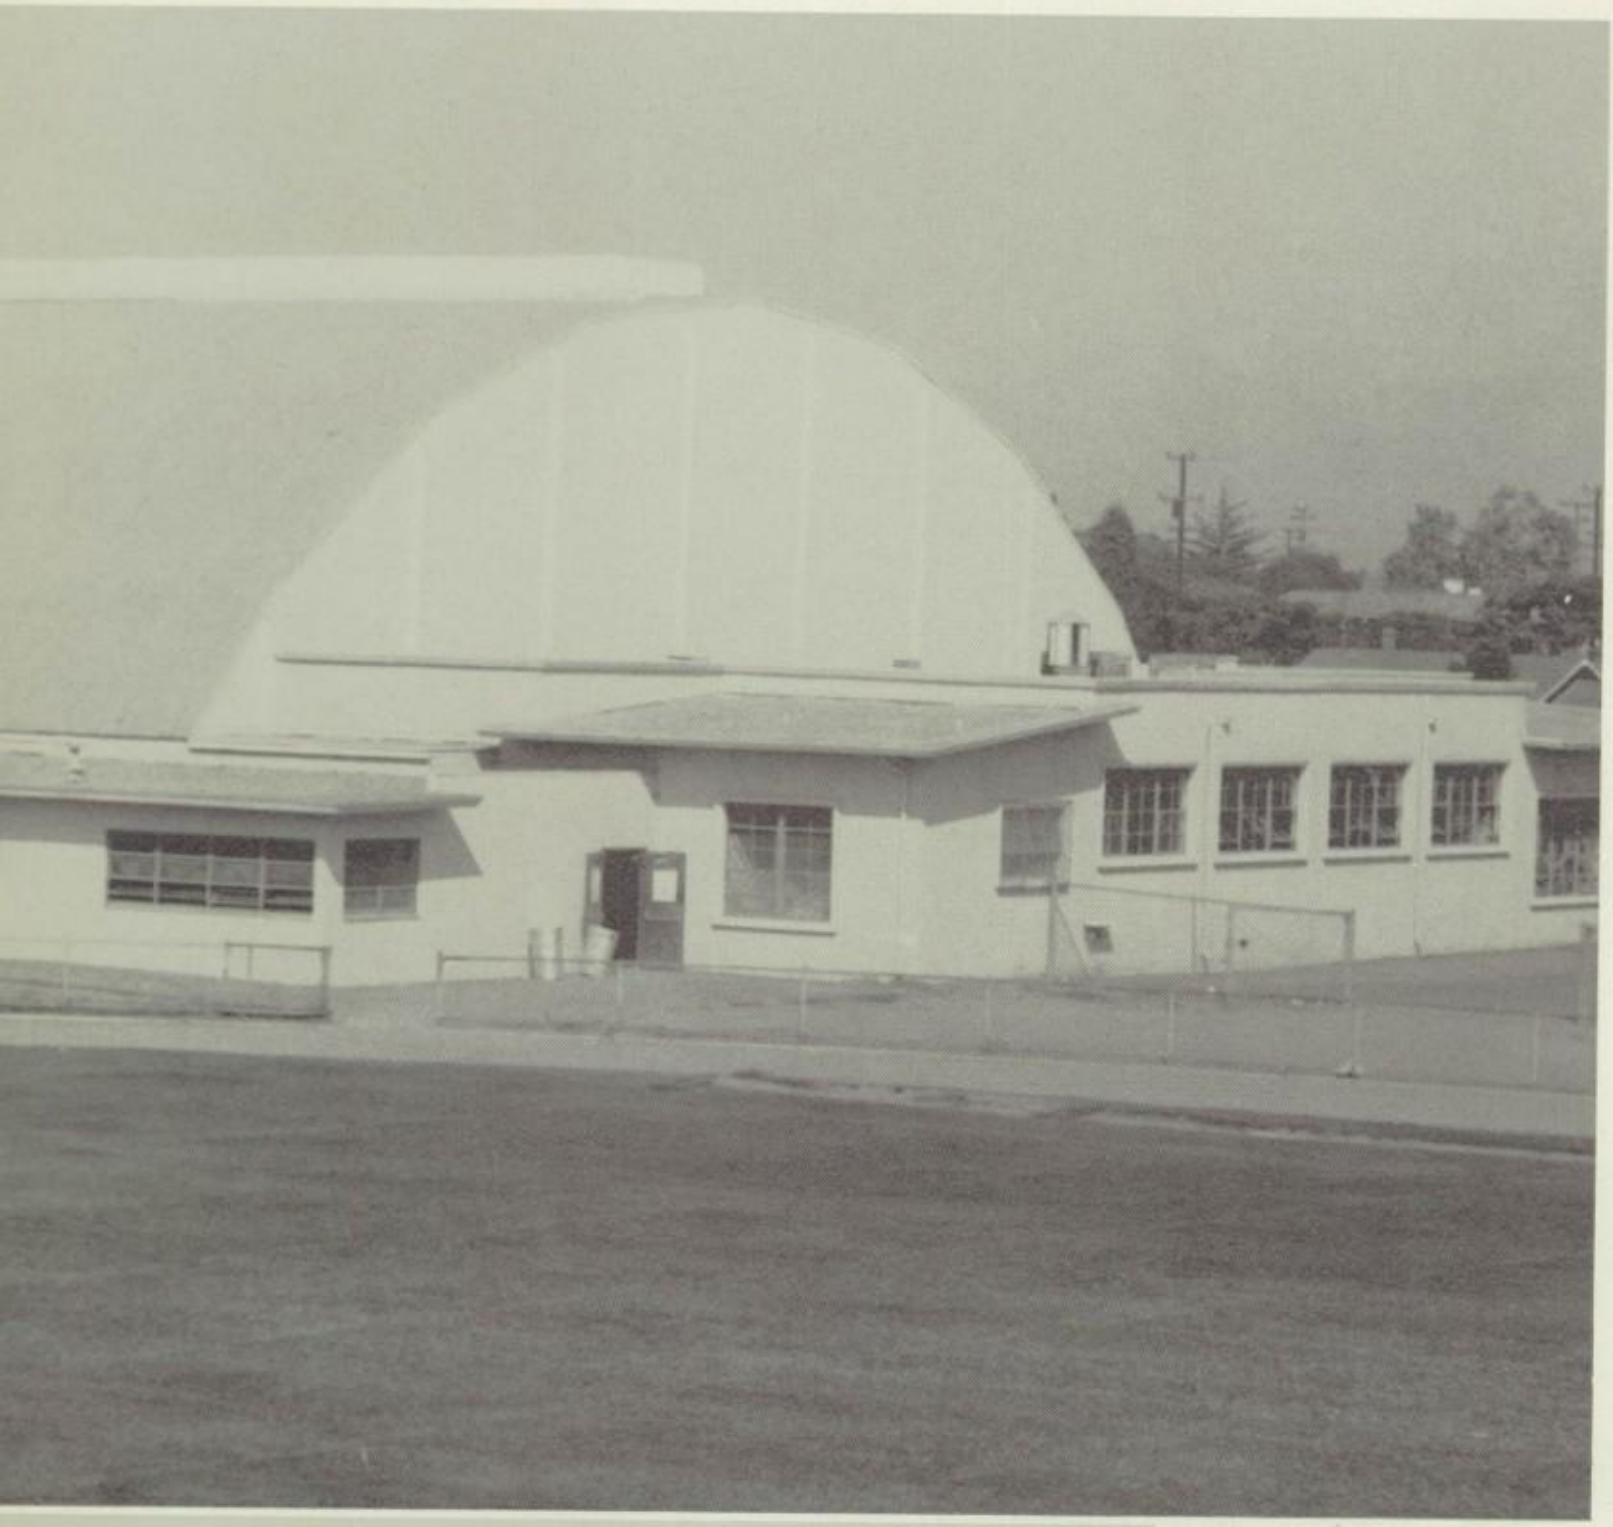
Red and white. Red and white,
come on, Saints. Fight, team,
fight!

The excitement of the games is discussed by the spirited students in the cafeteria where tall panes of glass mirror the pathways of others crossing the lawn before this creation of glass and concrete. This modern, purposeful building not only serves as a cafeteria, but also as a social hall for dances and extra classrooms to compensate for the absence of needed space in our overly crowded school . . .

Our pathway takes us to the home economics building, one of the newer and more modern structures on our campus. Its architectural flair houses the tools we use in our strife to be successful homemakers. Here, we can find anything from a delicious "Cherry Pie" to a burnt pan, or possibly a new summer dress which was once just an idea in the mind of an ambitious student.

In the midst of this large building we find one of the most beautiful patios on campus, and in this picturesque area are held many social gatherings . . .

For the more crowded social gatherings, we turn to the boys' athletic building, which was dedicated in honor of W. Jesse "Prof" Wilson. Fast-moving basketball games, educational assemblies, and lyrical concerts, ranging from pop to spirituals, are also held here. It boasts a fine snack bar area and a triple basketball court with ample seating arrangements . . .



Leaving the activity in Wilson Gym we walk into the relaxed setting of the old Junior College buildings. We note the Spanish motif accented by the climbing vines and long, lazy veranda with its red tile roof. The velvety, green lawn adds to the beauty and picturesque charm of SMHS . . .

Another quiet spot of serene beauty is the patio dedicated to Ida M. Blochman. Underclassmen are sometimes seen passing through here while taking a short cut to classes. Looking north, we see the auditorium doors, flanked by spiral columns and tall pines. These, along with the rows of hedges and cone-shaped shrubbery, add to the atmosphere and calmness of this beautifying spot on campus.

The Senior Court is a spacious patio walled in the midst of some of the busier corridors of our school. Here we find the seniors of 1961 who have finally obtained the honor of calling this their court. This important and significant court represents a goal which has been reached after four years of hard work.

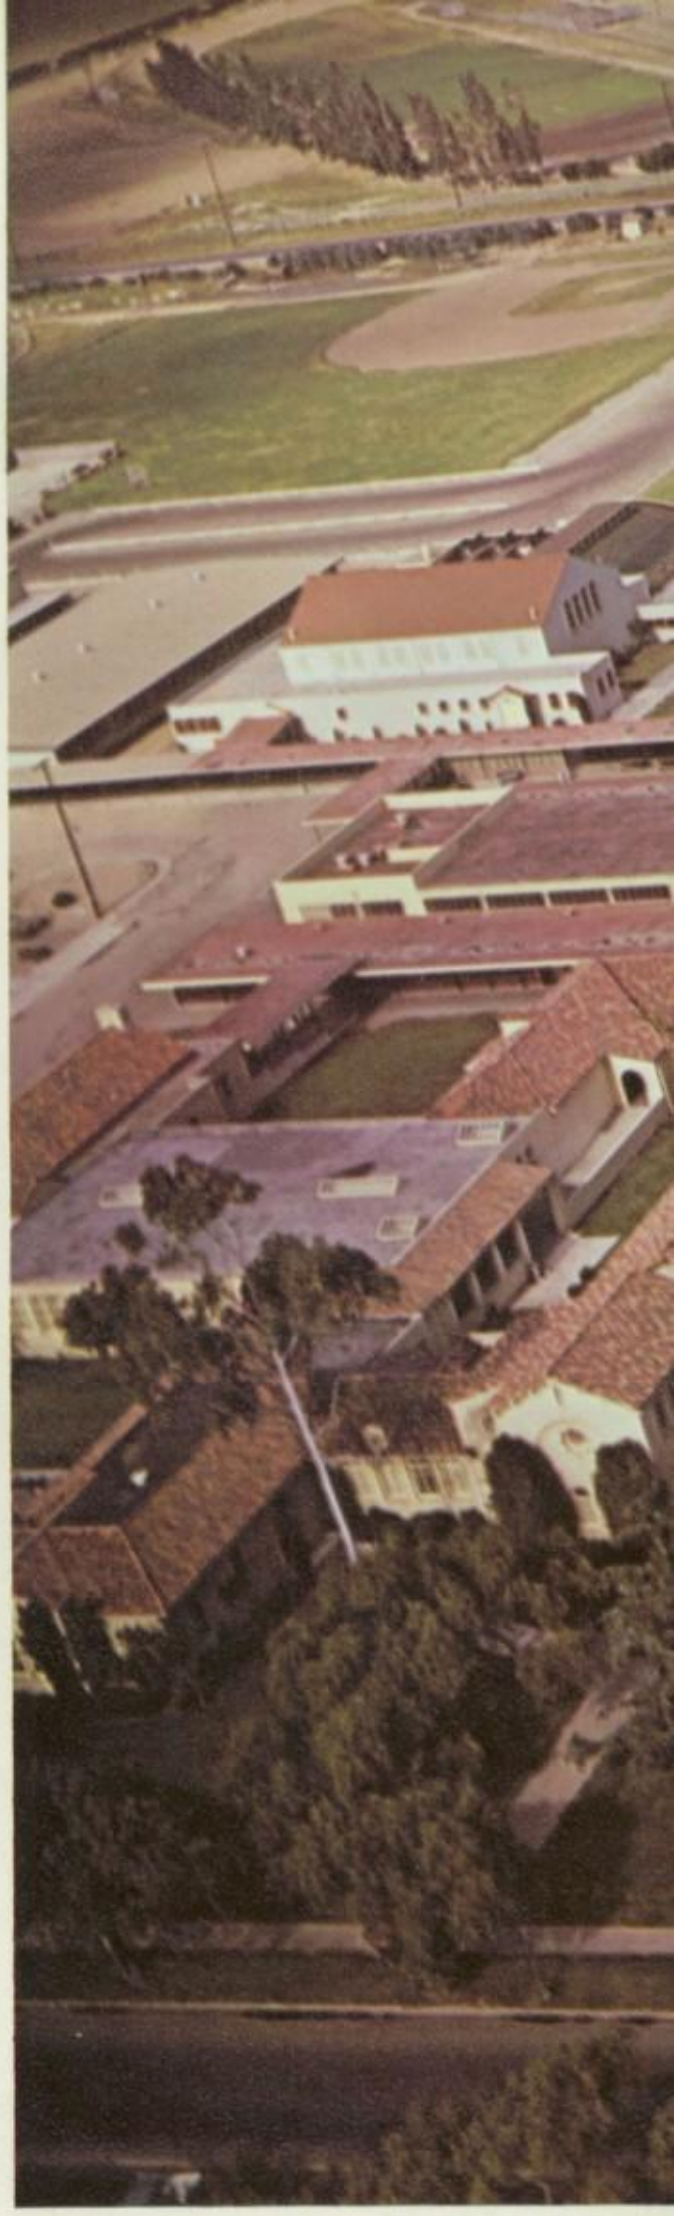
FOREWORD



We have taken you on a leisurely walk about our campus. We even took a short plane ride to get a view of what SMHS looks like from the sky. We have recorded in pictures the familiar landmarks that sprawl over the forty acres where our school is located. We have seen the physical exteriors of our school . . . Old Main, the Home Ec., Wilson Gym, the Old College, the Patios and have looked with fond remembrances.

But we have not yet seen what is inside our school. We can now take

that look. Let's begin a walk through the buildings to find what makes a school outstanding. Let's go into the classrooms, into the labs and shops, out onto the ball diamonds and track fields, have lunch in the cafeteria and see what's happening at the evening games and dances. While we are seeing all this, let's take with us some words and music . . . songs that were popular while we were living 1961 to the best of our abilities at Santa Maria High School.

Mrs. Ida Jones —

In Appreciation . . .

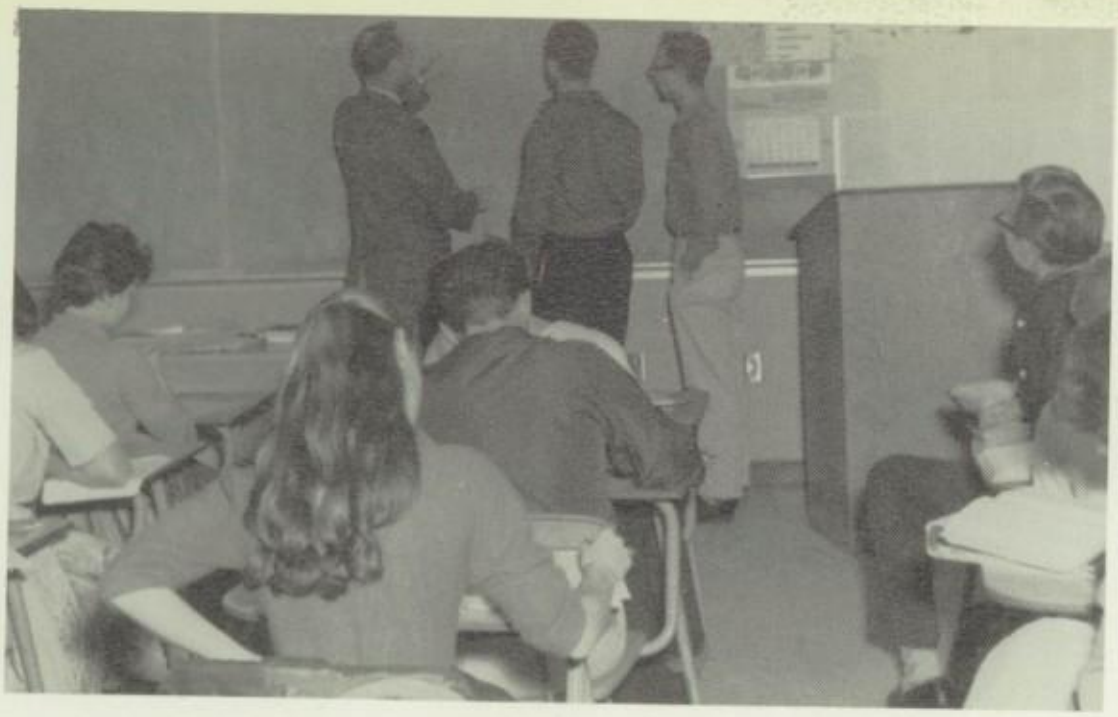
for her 32 years of faithful service to the cause of education and devotion to the teaching profession, the staff, on behalf of the faculty and students, wishes to express a cordial thank you to Mrs. Ida Jones for a duty ably performed.

Always with a smile and a sparkle in her eyes Mrs. Jones contributed endless hours to increasing the knowledge of unnumbered students. She not only taught but held other positions also. In the course of her career she was girls' advisor and dean of girls. Mrs. Jones received the PTA award as an outstanding citizen of the community—an honor not easily won.

It is with regret that we must say farewell and with great pleasure that we say you taught at Santa Maria High School.

In our classrooms . . .

In order to graduate, Senior Problems and U. S. History must be taken and satisfactorily passed. Social study courses give the students a more well-rounded background of their country, and a better picture of how the government performs.



Math courses at Santa Maria range from solving the simplest addition problem to working the slide rule in Algebra II. Mathematics is a very important field and should not be regarded lightly.

we learned fundamentals, arts and crafts . . .

English is a very important subject for any student. It helps them in being able to express themselves more clearly in both writing and speaking. Three years of English are required for graduation but four for the student who plans to enter college.

This year's art classes added a more festive touch to our school at Christmastime by providing a novel but meaningful touch to our school grounds with their Christmas decorations.

sportsmanship . . .

Showers, calisthenics, and sports make up the daily schedule of our P.E. classes. Through the course of the year, many different sports are offered to add more activity to our daily lives. Rules of games, skill, and sportsmanship also come under the heading of Physical Education.

science, how to speak well and keep a home . . .

The science department includes classes in biology, chemistry, physics, physical science and physiology. Science is a broad field where youth meets ideas of the past and presses against future discoveries.

and many other educational principles.

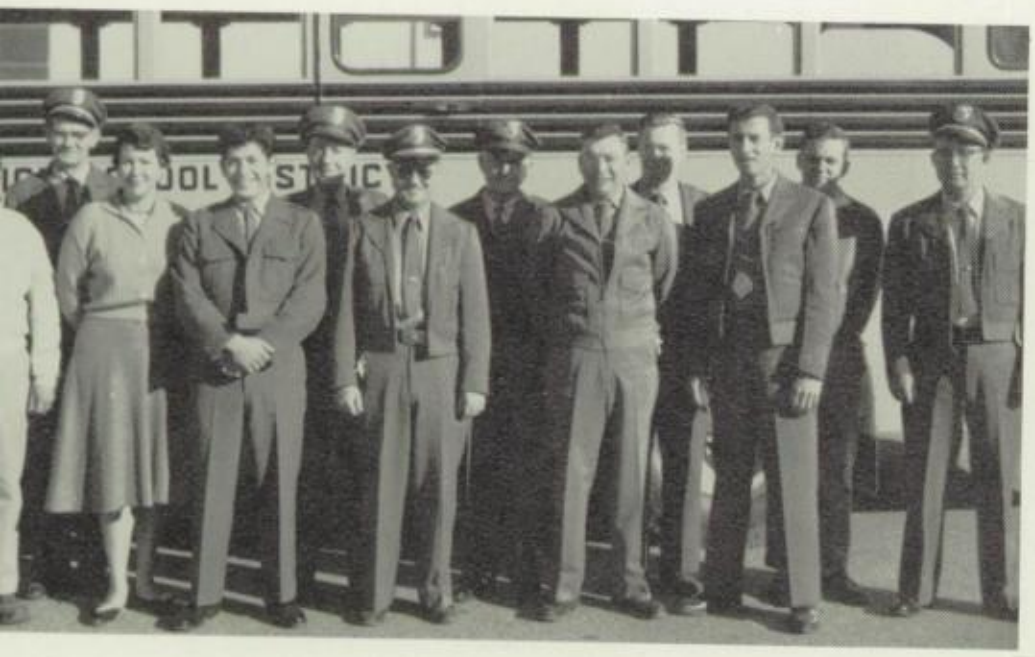
Speech classes give the student a vivid understanding of conversational speech and principles of public speaking in order for him to better express himself.

Our home ec classes are designed to give a better knowledge enabling us to become better homemakers for tomorrow. After majoring in Home Ec at SMUHS, students are ready to further their careers in this field.

The clickety-clack of the typewriter, and the flash of a pen across a shorthand notebook, well represents the business major in action. Typing is only one of the various business vocational courses available for the student majoring in this vocational field.

With a cheerful smile and a friendly disposition, the office help at S.M. High is always willing to lend a helping hand to the students. Their duties range from registering new students to issuing a blue slip to get you back in class. Yes, the duties of the help from behind the scenes is very important at our high school.

With our school on double lunch hour, the cafeteria staff must make daily preparations well in advance. A wide selection of food is offered at reasonable prices for those who wish to eat there.



Because of the vast area which our school accommodates, it is necessary to provide a major portion of our student body with transportation to and from school and also to athletic events. For these purposes the bus drivers are a very important part of our school functions.

Whether it's sweeping the hallways, emptying overflowing wastebaskets or fixing a broken locker, one of our many custodians are always around. Their job is to keep our school grounds free from litter so we can be proud of S.M. High.

The function of the Board of Control is to establish a form of government in our school. It is their duty to see that all rules and regulations set up are carried out.

This year's fall board worked hard in getting the Foreign Exchange Student Program into full swing. They also put self registration into effect for the first time this year. In order to vote each student must register.

Another activity sponsored by the board was the homecoming festivities, and the after the game dances. They also sponsored the choosing of The Boy of The Month.

The members of the fall board also attended the Inter-School Council Meeting at Paso Robles.

The spring board of control continued in the traditions of effective student government established by preceding boards. They responded to the requirements of their offices with enthusiasm and honesty. Their devotion to office and its fuller meaning was something new to SMHS student government. A greater interest was manifest in elections and student responsibility. This infant understanding will no doubt encourage greater participation by qualified students who are concerned with the future of their school and eventual function of their community.

Future Teachers

The Future Teacher's Club was founded in the fall of 1960 for the purpose of interesting high school students in the profession of teaching. The club has plans for speakers and panels who will present programs related to education. The club initially started with six members and has grown to sixteen members. Members include: Charlotte Silva, Francine Colli, Dixie Hall, Mrs. Johnson, advisor, Ernest DeGasparis, Ginger Bolton, Lucille Burnside, Joan Brewer, Charlyn DeVoss.

Thespian Club

During the 1960-61 season SMHS thespians performed a variety of plays suited to please both the high schooler, adult and elementary student. Productions were presented in arena style and end staging. Four members of the club turned in one of the most startling performances seen by local audiences since the high school was built. *The Glass Menagerie* proved to be an evening that audiences would not be forgetting in a long time, and elementary children got to see *Hansel and Gretel* come to life in artful fashion.

Corrigon

Gary DeBernardi and Barbara Gruber

"Harvest Moon" was the theme for this year's Corrigon; carried out in autumn leaves, corn husks, a scarecrow, and a big, glittering moon. The music was provided by Mr. Meeker's band. Gary DeBernardi, this year's Corrigon King, was crowned by Dalene Kemp, Girls' League President.

Gary has been active in football and was class president in his Junior year.

Junior Scandals

A grand finale climaxed this years "10th Anniversary" Junior Scandals. A chorus line and pantomimes were included. One of the highlights was the women's fashions modeled by the boys!

A terrific job of choreography and talent made the Class of '62's Junior Scandals outstanding.

"Glass Menagerie"

Brought to life under the skillful handling of director, Don Marley, "The Glass Menagerie" succeeded in dramatizing how the undesirable background of one individual could destroy the lives of others closely connected. Charlene Kinney turned in a tearful portrayal of Amanda, the woman twisted by environment. Cliff Deveney, playing the son, surmounted the difficult role with an almost professional polish. Brian Taber and Sharle Scott were the defeated love interest.

Roman Banquet

Much in the traditions of past Roman Banquets the 61 feast was attended by toga clad students where they enjoyed a well-turned bar-b-cued chicken dinner. Entertainment was provided in the form of a short playlet, other numbers, and the evening's best in costume.

The Latin organization has been progressively active during the year; attending the Latin convention, installing a new president and holding the annual banquet.

Above: Like ancient Roman feasts entertainment was an integral part of the activities. In the old days gladiators vied for honors and wrestled bears. Here the entertainment has been refined. Bottom: The meal is enjoyed immensely by toga clad revelers and "slaves" in short *chitons*.

Festive tables invite the hungry and the merry-maker.

The playlet attracts keen interest as students unfold the story of an ancient king and his kingdom.

Christmas Program

A candlelight procession commenced an "Old Fashion Christmas" this year, followed by strolling carolers and ensemble numbers from the choir and glee clubs; and a playlet unfolded the old-fashioned Christmas story. The entire production was a new high in quality and team effort on the part of Miss Jeanne Moore and Mr. Don Marley—instructors.

The carolers of an Old Fashion Christmas sang those songs which made an "Old Fashion Christmas" so remarkable. Rise Up, Shepherd, The Twelve Days of Christmas and other selections were presented.

Candy Cane Ball

"I'm Sweet on Candy" and candy was the theme of the Junior Statesmen's Candy Cane Ball. The dance was an immense success with pink gingerbread men and candy canes and a huge Christmas tree decked with pink gossamer. A large attendance added to the gay atmosphere of the holiday season. It was a real Fairyland . . .

Rallies

Attendance at the rallies this year was increased along with enthusiasm.

Before-game-get-togethers aroused a sense of alma mater in our school that has been lacking for the past few years. One of the amateur sensations at several rallies was the "Santa Maria Kingston Trio"—their special brand, the ballads, was successful in aiding the drive for renewed school spirit.

Campaigns for school offices showed a marked improvement in interest and originality. SEATED . . . is Lou Borges.

Dances

"I Could Have Danced All Night" and that was exactly what happened. Besides the many special dances of the year, there were a number of informal dances after the football games.

Hit records and casual clothes contributed to the friendly atmosphere of these dances.

Varsity Basketball

League victories in the early season were the result of a fast break and control of the backboards by S.M.H.S. cagers. But when the chips were down the "Mighty Saints' " teamwork began to crumble and the three crucial games were lost which would have led us into C.I.F. undefeated. A three way tie allowed us to play one C.I.F. tilt.

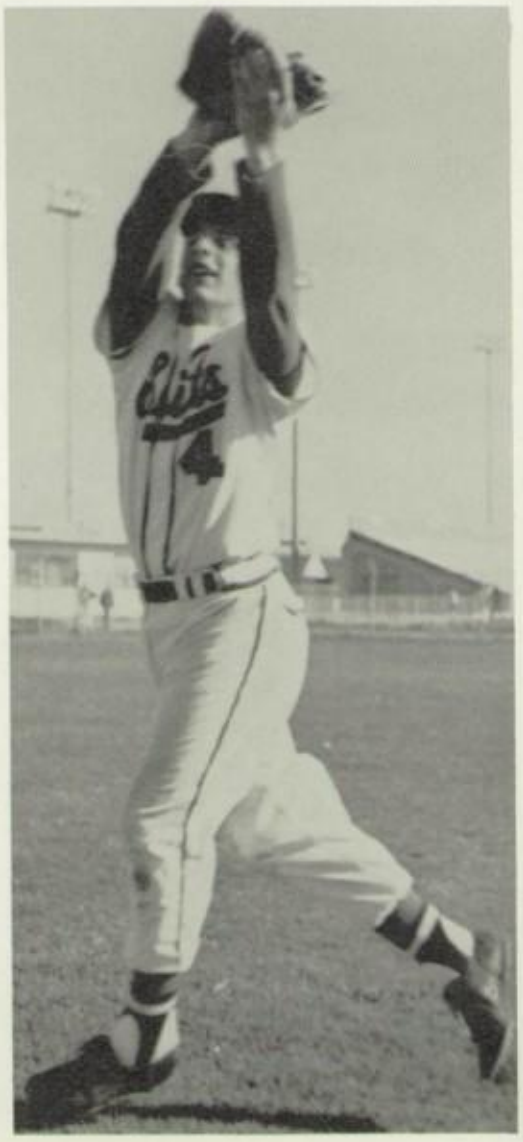
Varsity Baseball

Like other boys' athletic activities the participants in baseball also entered interschool competition with the will and determination to win, which they did. Coach Wilson's constant encouragement and direction kept the mound-men and diamond flock on their toes. And like other sports at SMHS baseball is coming into new focus as a sport to see.

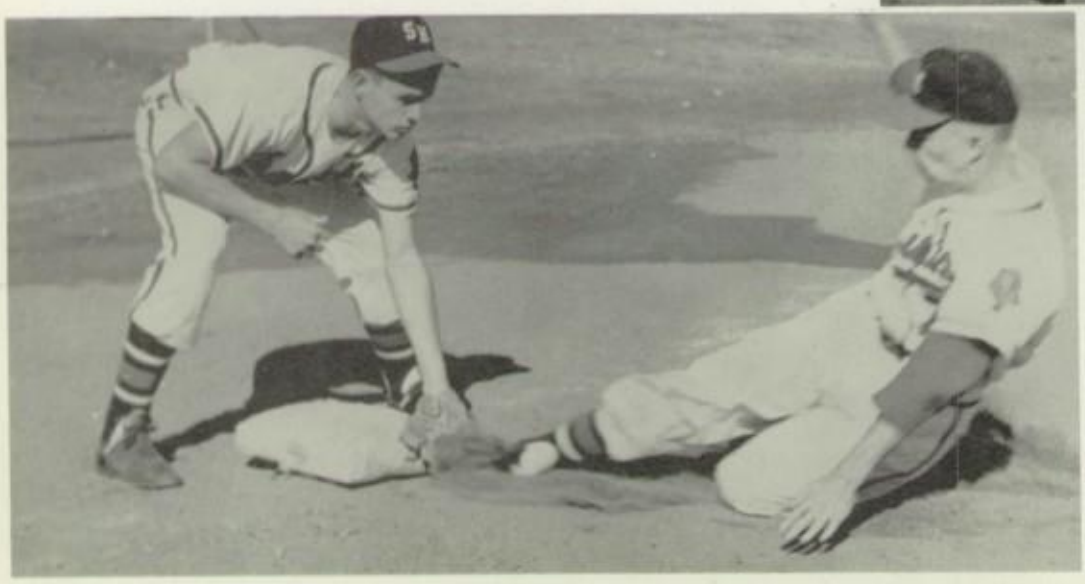
ROW 1, left to right: Mickey Mathews, Manager, Dick Rose, Armond Bargus, Armando Vasques, Ken Kido, Ray Torres, Greg Kudron, George Hammill, Cliff Deveny, Jerry Hammonds, John Tarnoski, Lou Borges. ROW 2, left to right: Ron Benton, Manager, Coach Wilson, Mickey Davis, Mike Tarnoski, Ron Shaw, Dick Swails, Fred Donati, John Adams, Richard Stornetta, Marion Kurtz.

Nice stop, Shaw!

John Adams takes a mighty swing in an attempt to make connection with the ball for a good solid hit.

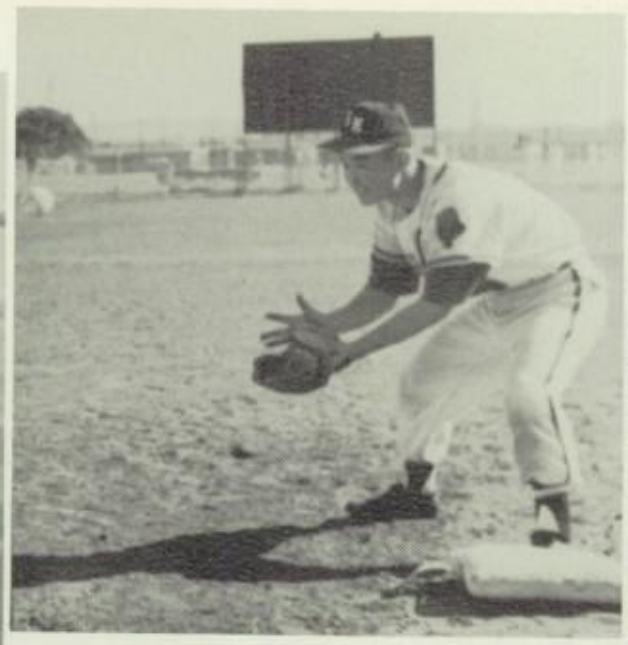


Fred Donati reaches for the sky to catch a high fly and to make another out.



Being able to slide is an ability that has more than once determined a game's outcome. Here, Greg Kudron attempts to slide into second as Richard Storenetta covers the base.

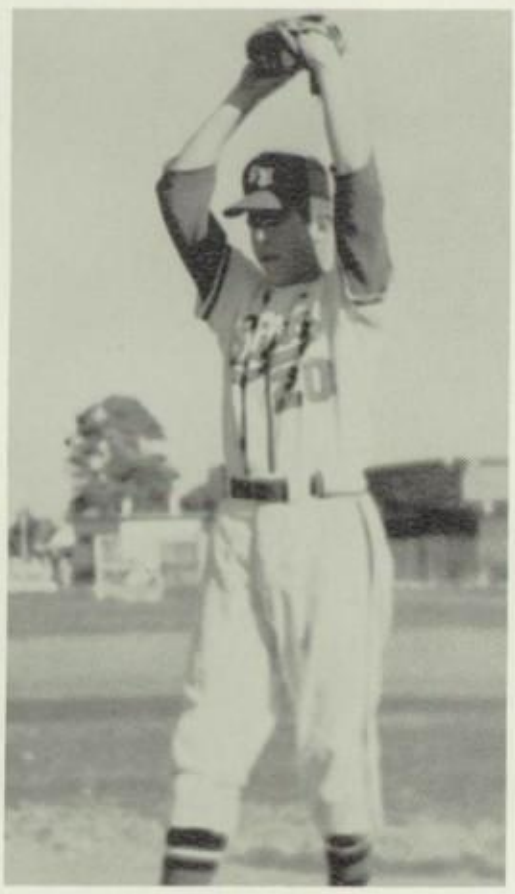
Jerry Hammonds covers the outfield.



Ken Kido in anxious anticipation of making an out.

"Put 'er right here," says Dick Swails.

Lou Borges steps off the mound as he fires the ball to home.



Mickey Davis waits for the signal from the catcher.

It may be another home run for Cliff Deveny.

John Tarnoski lobs the ball to the batter.

Ron Shaw puts Dick Rose out at first at one of the team's practice sessions.

This is how a Saint fan sees the team in action.

J.V. Baseball

New faces and many of them make up the junior-varsity team this year under the coaching of John Rubcic. Prospective varsity players, these novices put many hard hours in on the diamond to perfect skill and ball-playing abilities.

BACK: Coach Rubcic, Alfred Ramos, Carl Ciciero, Mike DeRosa, Ralph Foster, Bill Gutchas, Gary Weaver, unidentified, David DeRosa, Danny Montgomery, Joe George, Ronnie Butler, Bob Beuehler, Larry Sark, unidentified, Gary Ruskauff, unidentified. DeRosa fakes a runner.

Looks like a heavy mitt.

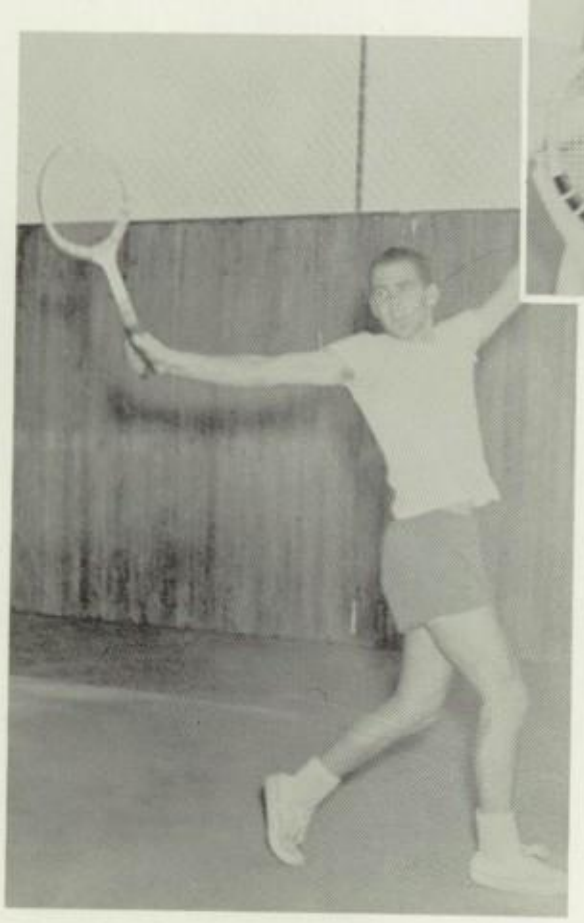
Tennis

The Saints' tennis team was strengthened this year by many hours spent on the courts in practice. This, coupled with an inter-squad tourney, enabled them to perform in sterling tradition at a late-spring tournament.

FRONT ROW: Ray Kinsey, Dave Bickmore, Ron Cook, David Hall. SECOND ROW: Reid Nelson, Rick Webster, Dee Watkins, Herschel Cobb.



Dave Bickmore executes a back swing.

FRONT: David Hall, Jim Leisure, Barry Meyers, unidentified, Creg Fay, Johnny Knudson.

Golf

Writing varsity golf before the season is over is like crossing a bridge before reaching it. You, the readers, have a distinct advantage over us, the writers. You are aware of the season's outcome and can look back upon it; we can merely look ahead and prophesy. The team does its practicing at our glamorous country club course. This we feel will broaden the interest in golf at SMHS.

Girls' Sports

Physical and mental discipline were stressed in girls' softball, volleyball, basketball, tennis, modern dance, and trampoline this year. Able leadership in Miss McMichael and Miss Cook contributed to the effectiveness of the athletic program.

Center, Francine Colli, President; Left, Jeannie Sartain, Vice President; Right, Jeanette Ferrari, Secretary-Treasurer.

Tennis is one of the most enjoyable sports in the athletic program. This year more time was devoted to playing which resulted in a greater interest in it.

ROW 2, l to r: Sharon Peak, Bonnie Kinnear, Marie Brunner, Rita Goldston, Jennie Kelly.

After being introduced to modern dance only a year ago, many girls have made it a popular activity. It helps to improve muscle co-ordination and is a type of healthful recreation.

The run is one of the modern dance techniques.

This scene from modern dance practice reveals the girls hard at work.

One of the Decks successfully reaches second base.

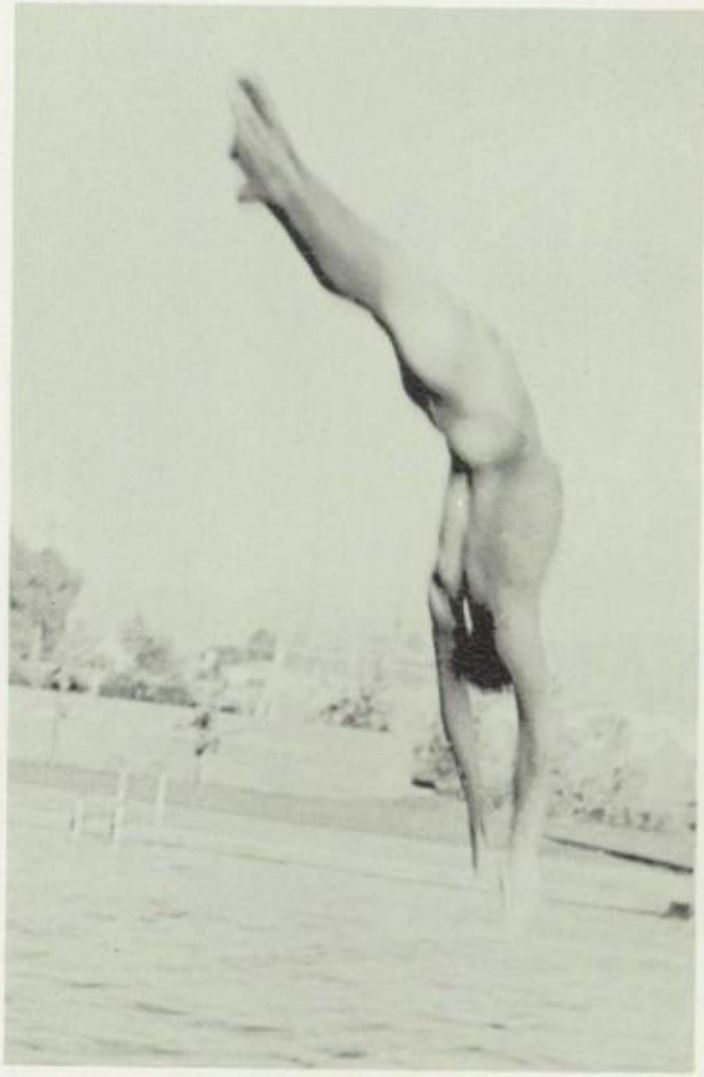
Remember when?

Seventh period — Mrs. Rice's office.

We're just standing here getting a suntan.



Quick, somebody grab a towel!

Would you please stop making fun of my friends.

These are our new student body officers.

Didn't I tell you he looked funny in a bathing suit!

What am I doing?—I don't know!

It's fiesta time at our house.

Get his attention so I can get this ball in there.

There must be an easier way to do this.

Here's one we missed!

Louis Wilson
~~Freshman~~
Sophomore

This is our first lion-hunting safari into the jungle on Orcutt Hill.

What's it going to be when it grows up?

While Mr. Graham is looking at the cameraman, let's jump on the bus and leave.

This is our new invention. It's a . . . What is this thing anyway?

If I am elected, I promise that school will be like this every day.

Students take advantage of spare time to gossip or do homework. The school lawns and patios are very comfortable for these purposes.

A dice game? No—just taking a picture.

This display was made by the mechanical drawing class. It was observed by many students in the area north of the cafeteria.

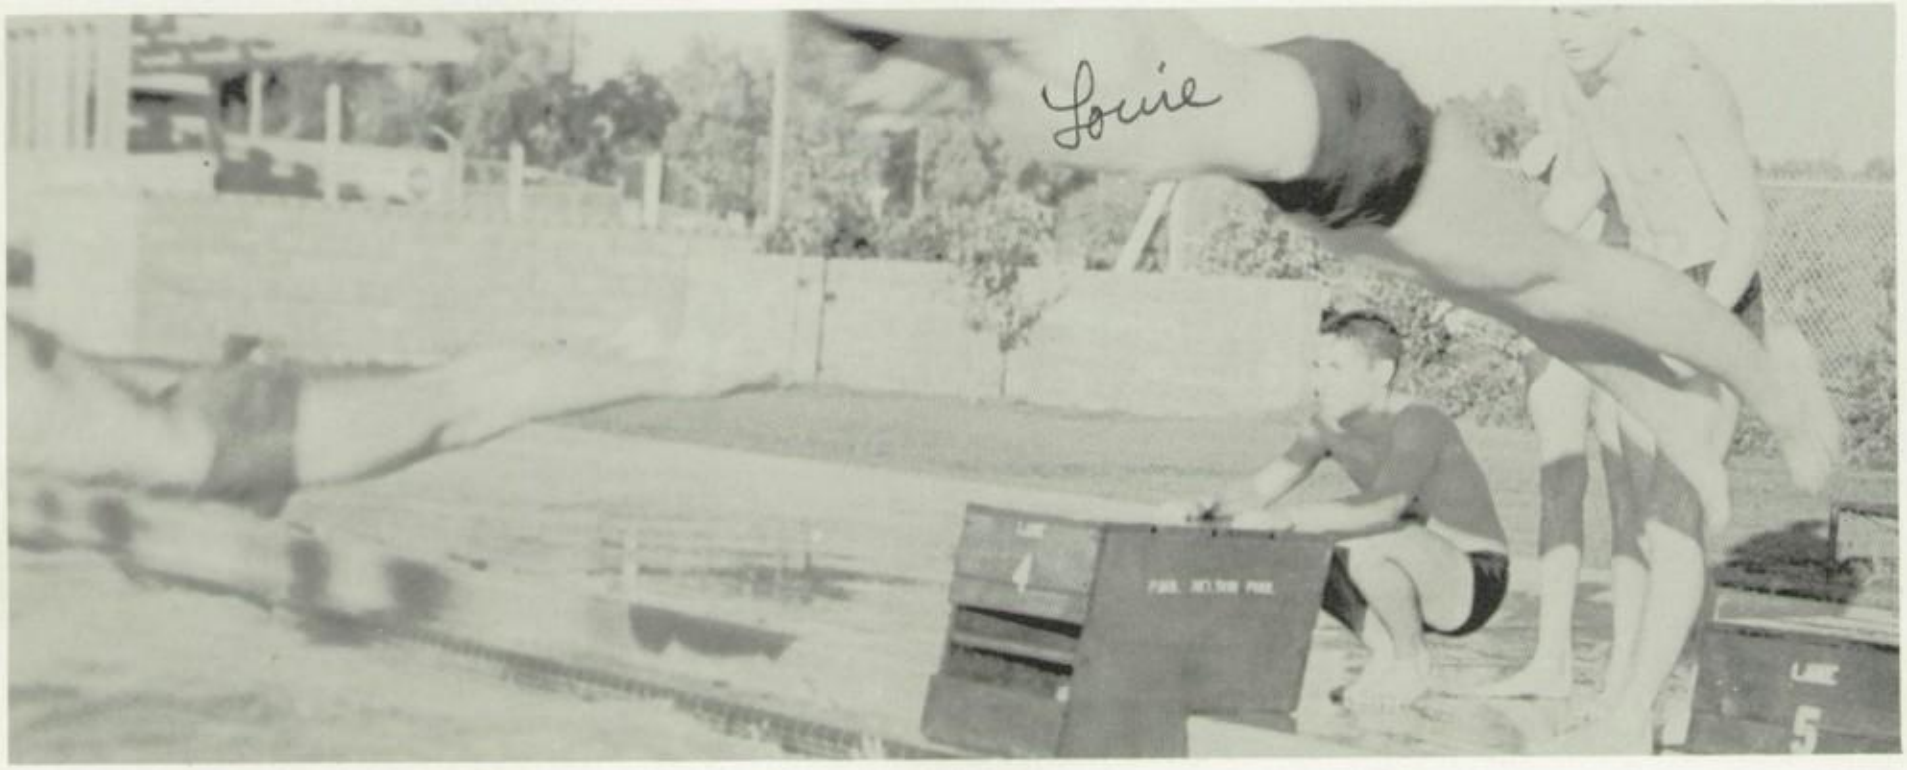
art classes put forth their effort to deco- the school at Christmas. The results filled school with a gay holiday spirit.

Remember last year's REVIEW? Here are some students signing their names along with their favorite sayings.

Classroom participation plays an important part in our school day. In a student-centered activity such as this, the student's learning is accelerated.

This is my fourth time around this building.

I don't think Mr. Russell liked our joke.



When you dive, don't forget to aim for the water.

This work is so tiring. Let's cut out, OK?

This reminds me of the good old days.

Look at the birdie.

Did someone lose something?

Everything has its ups and downs.

The Review staff at work . . . ?

To be or not to be, that is the question.

Do you think they missed us at school today?

Has anybody seen Alberta?

These are some of the important members of the school newspaper staff.

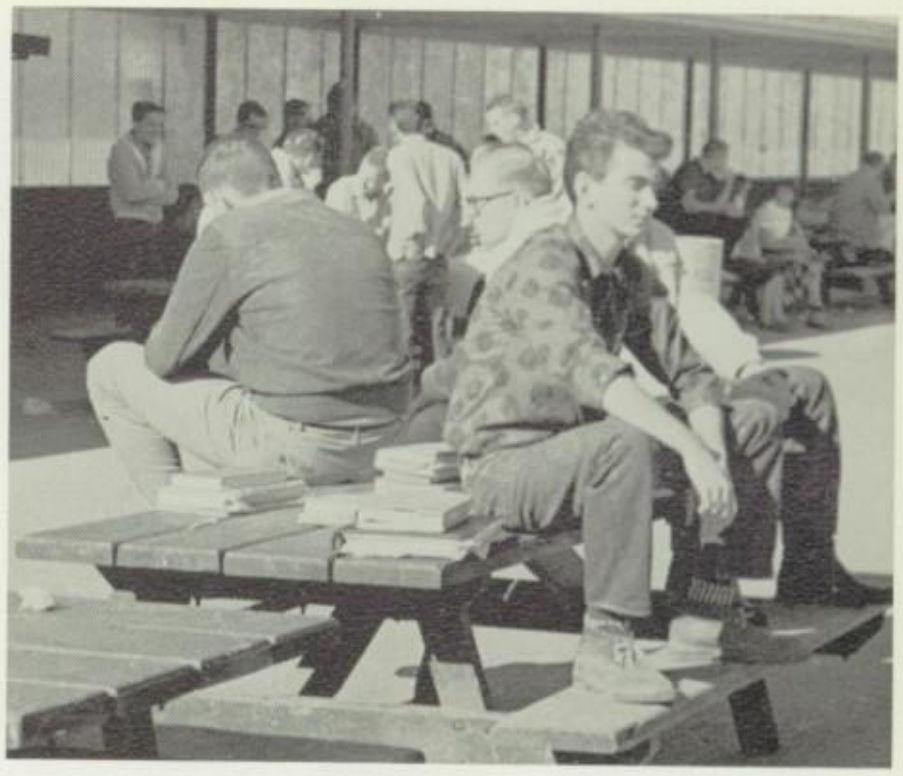
Gee, but it's lonely.

A girl's best friend.

. . . and I intend to guard this car with my life—understand?

The Spanish Club is always doing a good deed.

How much will you give me for it?



We're not on speaking terms.

Why don't we get together and start a revolution?

I'm driving, and don't argue with me!

I want it to be understood that I'm the boss around here!

Would you believe it? I like milk!

Who kicked you?

3:46 P. M.

Does anybody know where the ball is?

Just look happy — please!

Mr. Miles' slaves.

What! Is school out already?

All aboard!

Where are we going?

Is it a bird or a plane?

I shall now recite . . .

Memories

Jim,
One of the 2 best presidents our sophomore class ever had. You probably could have choked me at those sophomore council meetings. When I think back I realize that I was pretty obstinate sometimes.
Remember the soph council party? Even though I did get to go swimming against my wishes I still had a great time.
